PROFESSIONAL PROFILE

Senior PHP & API Integration Specialist with 9+ years of experience in the Magento/Adobe Commerce ecosystem. Expert in bridging the gap between high-level software architecture and hands-on technical execution. Proven track record of stabilizing failing platforms, refactoring legacy codebases, and building high-performance APIs. I provide immediate value by resolving deep-seated technical debt while maintaining a strategic vision for scalability, security, and business-driven results.

TECH SKILLS

- **Backend & E-commerce:** PHP 7/8, Magento 1/2 (Adobe Commerce), Custom Modules, Laravel, REST/SOAP APIs, PHPUnit.
- **Databases & Infrastructure:** MySQL, MariaDB, Redis, Elasticsearch/OpenSearch, Docker, RabbitMQ, Varnish, Linux.
- **Frontend:** JavaScript (React, VueJS, Knockout.js, jQuery), HTML5, CSS3 (SASS/LESS).
- **Architecture & DevOps:** Clean/Hexagonal Architecture, SOLID, Git, CI/CD (GitHub Actions, Bitbucket Pipelines).
- **Integrations & Tools:** Cloud (Adobe Commerce Cloud), ERP/CRM, Payment Gateways, Agile/Scrum, Jira/Confluence.

SOFT SKILLS

- **Technical Leadership:** Expert at mentoring junior devs and translating complex technical concepts for non-technical stakeholders.
- **International Collaboration:** Extensive experience in remote, multicultural environments across Chile, Argentina, and Bolivia.
- **Analytical Problem-Solving:** Strong focus on debugging, code optimization, and resolving critical system issues under pressure.
- **Strategic Delivery:** Business-oriented mindset, balancing technical excellence with project deadlines and client needs.

PROFESSIONAL EXPERIENCE

Lead Engineer & Principal Fullstack Developer

2025 - Present

Educational AI Platform (SaaS Startup Phase) | Hybrid

- **Vision & Execution:** Leading the architectural design of a scalable SaaS platform integrating Magento 2 with RAG (AI) for automated learning paths.
- **Stack Leadership:** Developed a high-performance headless frontend using **React**, consuming Magento's REST API to deliver a seamless user experience.

Senior Software Developer

Mar 2024 - Mar 2025

Grupo Distelsa (Contracted via Widoook) | Guatemala

Remote

- **High-Security Payments:** Integrated CyberSource (Visa) with tokenization and implemented Braze & Kevel, significantly reducing checkout friction and ensuring advanced campaign automation for ad personalization.
- **System Stability:** Managed enterprise Adobe Commerce sites, ensuring high-availability during peak traffic by streamlining inventory synchronization and optimizing platform stability.
- **Performance Optimization:** Refactored UI/UX across the end-to-end customer journey (PDP, PLP, and Checkout), delivering a highly responsive experience and enhancing platform scalability for global operations.

Mid-level Software Developer

Linets SpA | Chile

Ene 2023 - Ene 2024

Remote

- **Platform Modernization:** Led complex database schema migrations and upgraded the core ecosystem to Magento 2.4.6 and PHP 8.1, ensuring long-term system compatibility and enhanced security.
- **System Refactoring:** Re-engineered ERP and payment gateway integrations, eliminating legacy bottlenecks and improving the reliability of background data synchronization.
- **Cloud Infrastructure:** Configured Adobe Commerce Cloud environments and optimized Knockout.js bindings, delivering a more fluid frontend while ensuring zero-downtime upgrades during deployment cycles.

Senior Magento Developer (Agile Remote Contracts)

2021 - 2023

Balloon-Group | Summa Solutions | Grupo Formax

- **Balloon-Group:** Deployed tracking pixels (TikTok, FB, Google) ensuring accurate data attribution and optimized API processing for high-volume, scalable stores.
- **Summa Solutions:** Architected custom REST APIs for Janis ERP, eliminating data latency in inventory sync and delivering frictionless localized checkout experiences.
- **Grupo Formax:** Engineered a custom delivery engine that automated logistics logic and built secure payment modules (PagoEfectivo/Izipay) for multi-website setups.

Software Developer (FullStack & Integrations)

2014 - 2021

Wagento Commerce | EEUU - Bolivia

Hybrid

- Developed payment modules (QR, bank transfer) and Braintree Subscriptions, implementing secure transaction flows and automated billing.
- Architected custom REST APIs and OAuth-based connectors for seamless ERP/CRM synchronization (Salesforce, Zendesk, SurveyMonkey).

Independent Technical Consultant

2019 - 2024

Various Clients | Argentina - Bolivia - Spain

- **eCommerce Optimization:** Resolved complex Magento 2 cart/catalog rule conflicts for Argentinian stores, reducing processing time by 35%.
- **System Architecture:** Designed a member registration app for the Medical College of Santa Cruz, featuring advanced filtering for 500+ professionals.
- **Technical Support:** Debugged payment gateways and implemented secure logging for Andrew Cristian Electronics.

COURSES & CERTIFICATIONS

- **Adobe Certified Professional:** Magento Developer (MCD) 2016
- **Adobe Commerce Cloud:** Cloud Service Foundations & Optimizer Foundations 2026
- **Magento U:** Fundamentals of Magento 2 Development & Responsive Web Design 2017
- **Languages:** English EF-SET B1 Intermediate (Reading/Writing B1) - [Verify](#) 2026
- **Other Training:** Google Web Development & Advanced PHP Specialization 2016 / 2011

EDUCATION

Licenciatura en Ingenieria de Sistemas

Universidad Mayor de San Simón

2009 - 2016
