PROFESSIONAL PROFILE

Senior Backend Developer with 9+ years of experience building scalable and maintainable systems using PHP. Expert in developing APIs and backend services following SOLID principles, layered architecture, and design patterns which are the core of frameworks like Symfony and Laravel. Experienced in working with SQL databases, Docker, and PHPUnit to deliver high-quality software in Agile environments. Specialized in complex architectural challenges and international collaboration.

Experienced in working with SQL databases, Docker, PHPUnit, and Git. Skilled at integrating third-party services, working in Agile teams, and delivering reliable, well-tested solutions for high-impact industries such as travel-tech and eCommerce.

Passionate about solving complex technical challenges, learning emerging technologies, and collaborating with cross-functional and international teams. I strive to build maintainable, secure, and high-quality software that improves user experience and business outcomes.

TECH SKILLS

- **Programming & Backend:** PHP 7/8, Symfony Components (via Magento 2 architecture), Laravel (Foundational knowledge), RESTful APIs, MySQL, MariaDB, Elasticsearch..
- **Architecture & DevOps:** DI, Clean Architecture, Hexagonal structure, SOLID, Design Patterns, PHPUnit, Docker, Git.
- **Frontend Development:** Knockout.js, jQuery, JavaScript, HTML5, CSS3, LESS, SASS.
- **Tools & Workflows:** PHPStorm, Xdebug, Jira, Confluence, Agile/Scrum methodologies, Bitbucket, GitHub, Clean Architecture / Hexagonal structure, SOLID.
- **Cloud & Integrations:** ERP/CRM integrations, Payment Gateways, Adobe Commerce Cloud, Third-party API integrations, Performance Optimization.

SOFT SKILLS

- **Clear Technical Communication:** Able to explain complex technical ideas in simple terms, ensuring alignment with both technical and non-technical stakeholders.
- **Collaborative & Culturally Fluent:** Experience working with international teams across Latin America (Chile, Argentina, Bolivia), fostering strong remote collaboration and teamwork.
- **Leadership & Mentorship:** Mentored junior developers and supported knowledge sharing in Magento projects, promoting continuous growth within the team.
- **Problem-Solving Mindset:** Analytical and resourceful when debugging, optimizing code, or resolving unexpected system issues under pressure.
- **Client-Focused & Delivery-Oriented:** Committed to delivering high-quality solutions that balance technical excellence with real business needs and deadlines.

PROFESSIONAL EXPERIENCE

FREELANCE PROJECTS

- **Magento 2 Technical Consultant** 2022-2024
 - **Argentinian eCommerce Store** (2024): Diagnosed and resolved cart/catalog rule conflicts. Optimized promotional rule processing time by 35%
 - **Andrew Cristian Electronics** (2022): Debugged and repaired payment gateway integration. Implemented secure transaction logging system.
- **Full-Stack Developer** 2019-2021
 - **Multi-Retenes eCommerce**: Built Magento 1 catalog with custom responsive theme, implemented SEO best practices (metadata, URLs, sitemaps) and increased organic traffic by 60% within 3 months
 - **Medical College of Santa Cruz**: Architected member registration web application. Developed advanced search with filters (name, specialty, region) and served 500+ medical professionals.
